

## **Come and join The Women of SMRBA January 4, 2021 8 - 9 am**

### **WOMEN KNOW WOMEN & WE UNDERSTAND YOU**

Our group of like-minded women has an unlimited capacity to encourage, empower, uplift and support all women in business and in life. This group is a safe place to showcase your business, to share, and learn from one another.

Many women right now may find themselves in business for the first time. We hope to help these women overcome any obstacles they might encounter and give their business a jump start from the beginning. We love referring others to our members and also to those outside the group who may need our members' products or services.

Our meetings will always be conducted virtually, via Zoom, which allows women from ALL over to participate. Each week we provide the opportunity for a member to present a 2 - 3 minute educational moment. It can be marketing or business related. It could just be an inspirational book or poem you've read.

The Women of SMRBA is an extension of our already successful organization. We just celebrated our 5th anniversary in September. As a member of SMRBA, you have full member benefits, including our new women's group. You can visit twice before becoming a member.

Visit [smrba.com](http://smrba.com) for member information and to sign up.

Come and join us! Get full details and the meeting link at [smrba.com/women](http://smrba.com/women)
